## Day One

Yesterday, was one of the worst days of my life. Little did I know it was a day that was going to change my life forever! I am a 18-year-old from the suburbs. I look like the boy next door with blond hair, blue eyes, 120 pounds, and 5'4" tall. My dad caught me with a neighborhood boy. He was pissed and kicked me out.

I am now at a shelter. Justin, the boy in the next bed, has been checking me out. He went to the showers and then looked back at me just before he turned the corner. I was getting a hard on from the looks he was giving me. So, of course I followed him to the showers. He started stripping in the locker room. I sat on the far side of the bench. He took off his shirt. He has the perfect chest, hairless with well defined pecks. He had flat muscular abs and a face that is so firm and strong. I felt like he could make me do anything he wanted. Next he took off his khakis shorts. He didn't wear any underwear. So I had my first look at his huge 8in. hard cock. I just wanted to go to him and suck him right then and there. But he turned and went into the showers.

This broke my trance so I removed my clothes and headed for the showers. As I entered his back was to me, such a perfect back with strong ripping muscles. I went to the third shower from him, turned on the water and started soaping up. Justin turned and looked right at me. I was stared right at his huge cock. Justin walked up behind me and started rubbing his hands on my bubble butt. My cock instantly got rock hard.

He whispered in to my ear "Nice boy, you will do just fine". Little did I know what he exactly meant by "Yes boy, you will do just fine". Just then he slaps my ass. That shocked me but also made my dick even harder.

He asked if I liked that. I didn't say anything. He slapped my ass again, "I ask you question boy".

Yes Sir!

"Well that's better boy. You will do just fine". Justin started rubbing his big cock up against my ass. Justin's cock hardened like a rock. Then he pushed me against the wall and started to push his cock into my ass. However, he stopped short and soaped up his fingers, then pushed two fingers into my ass. I just moaned. He asks me if I like it.

I said "Yes Sir."

Then he stuck two more fingers in. I moaned even more. Then he started moving all four fingers in and out loosening me up. Next Justin pushed his 8-inch cock into me. It was a little painful but I could take it. Then he pushed even deeper but slowly. Once all the way in he pulled out and then pushed in all the way again. It felt great. I started to jack off. He then grabbed my hands pushed them above my head. So I could not touch my dick. Justin whispered into my ear "No you don't boy". He was so strong that I just did not even try to fight. He then grabbed my cock with his other hand and started stroking my cock. I was in heaven. Justin's was fucking my brains out and I was helpless, loving every minute. He just then tensed up, shot his load and fall on to my back breathing deep in my ear. Then he said "Boy you will do just fine." I feel so much pride that this god would find me just fine. Then he said to clean my self up, go to my locker, and wait for him. I did what he said. I don't know why, but he has a power over me and I love it.

About 5 minutes later, he came out and stood over me. Justin asked me what my story was. I don't know what he meant. He asked why am I at the shelter. So I told him my story about my dad finding me with a boy and kicking me out. Justin then rubbed my hair. It felt confronting.

He told me that he can help me. He said he knew a family that would take me in. But I would have to do everything they tell me to do or I would end up back here. He said that I should take them up on their offer. I said that would be great. He looked into my eyes and said "Boy you will do everything they want you to do. Do you understand boy".

I said "Yes Sir".

It just came out Yes Sir like I was born to say it. Justin smiles and said "Good boy you will do just fine". Justin then said to meet him at the McDonalds across the street tomorrow morning at 8:00am. Then he got dressed and left. I sit there taking in all that just happened. It's hard to believe that I was just kicked out only yesterday and now may have a new family tomorrow. Plus, having the best wildest sex I had ever had in my life. Everything was going too fast. So, I got dressed and went to my bed. Justin was not there. I looked around and saw him on the pay phone talking to someone. After he was done on the phone he left the shelter.
